Mitsubishi Eclipse Cross a invitat in campania DriveYourAmbition 12 antreprenori români

WALL-STREET

Publication 5 tunin 2018

Mitsubishi România a invitat 12 antreprenori români, care au creat afaceri cu potențial de a fi lăsate moștenire peste ani, pentru a crea o dezbatere creativă legată de viziunea și valorile care stau la baza companiilor antreprenoriale care trec testul timpului.

La proiectul Drive Your Ambition – Entrepreneurs who create legacy au participat antreprenori din domenii variate – artistic, medical, servicii, homešdeco, fashion, FMCS, e-commerce, care au răspuns la intrebării legate de missunea afacerilor lor, de la schimbările majore pe care le-au făcut pentru a aduce brandurile în contextul actual, la valorile pe care vor să le lase generațiilor următoare și la motivul real pentru care au decis să întemeieze afacerea (comprimat în întrebarea "what drives your ambition").

DE CE CAMPANIA DRIVE YOUR AMBITION - ENTREPRENEURS WHO CREATE LEGACY?

Campania de comunicare a fost creată pentru lansarea Mitsubishi Eclipse Cross, un model care, prin tehnologia pe care o aduce și prin noul design, are misiunea de a schimba povestea unei mărci cu o tradiție construită în peste 100 de ani, păstrându-i, în același timp, valorile: LOIALITATE, SIGURANȚĂ, CURAJ și AMBIȚIE.

Totodată, compania pe care astăzi o cunoaștem sub numele de Mitsubishi Motocs a fost fondată de antreprenorul nipon Yataro Iwasaki pe când avea 35 de ani. De atunci, firma a reușit să se impună în istoria automobilistică la nivel international.

Ce ar trebui să aibă masina ideală pentru un antreprenor român? M-am implicat în proiectul Orive Your Ambition by Mitsubishi Rômania pentru a-mi da seama. Așa a apărut "Nunta pe ia" și, dacă ar fi să dau timpul înapoi, cred că tot asta aș alege. Îmi p a mult marea, ca să renunt la ea".
